

Ride Safety

On all Rides:

1. Helmets are a must.
2. Keep to the right, but stay 4 ft. from parked cars.
3. Never needlessly block a traffic lane.
4. No ear buds.
5. Where the travel lane is narrow, use the lane.
6. Always obey all traffic signals and signs.
8. At intersections the vehicle rule is "First come, first served".
9. NEVER pass on the right
10. Avoid door zones.
11. When passing another bike call out "Passing on your left".

Group rides have added safety measures:

13. Don't overlap wheels.
14. Point out road hazards.
15. Call out "Car back" to announce cars approaching behind you.
16. Signal when you stop and call out "Stopping!".
17. Ride single file unless you know the other rider and there is space for autos.
